IN the last ten years the people of the United States have paid to the railroad companies more than \$17,000,000,000. Of this sum \$5,500,000,000 represents earnings in excess of all operating expenses.

The Railroads and The Public.

During these ten years the public, through the medium of freight and passenger rates, has paid over \$2,600,000,000 in interest to the holders of railroad bonds, and \$1,600,000,000 more has been distributed to stockholders in dividends.

These statistics are respectfully commended to the consideration of those railroad managers who are forever whimpering about the inestimable service that the railroads render to the country. It is true enough that the American people could not get along without the railroads, but it is even more true that the railroads could not get along without the American people. All the obligation, to be just, fair and considerate, is not on one side.—New York World.

HOW A COLD IN THE HEAD AND NASAL CATARRH CAN BE CURED

Paracamp is Daily Demonstrating its Marvelous Curative Properties.

At this time of the year, Cold In The Head and Nasal Catarrh are most prevalent. Many users of Paracamp are not aware that it will relieve and cure these ailments.

Don't dose your stomach with powerful drugs which always leave a bad after-effect and in a great many instances do serious harm, but try Paracamp. You will be agreeably surprised at the results.

Take a small quantity on the end of the finger, put it well into the nostril and sniff hard, so as to get the remedy up into the channels of the nose and until it runs back into the throat. Do this until the channels of the nose are opened; then rub the outside of the nose and forehead thoroughly applying Paracamp freely, as this will stimulate the circulation, remove congestion, open the pores and draw out the fever and inflammation by inducing sweating.

When Paracamp is used in this manner, it goes immediately to the diseased and inflamed membranes, cooling, soothing and healing the same. It also kills the disease germs.

The principle of Paracamp is direct contact. It opens the pores of the skin, one of the mediums through which the body throws off its impurities, permitting the soothing, healing oils to penetrate direct to the interior cells, and removing all soreness, fever and inflammation by inducing perspiration.

This treatment should be repeated several times and always upon arising in the morning and at night before retiring. After a thorough trial, if you are not perfectly satisfied with the results, go to your druggist and he will give you your money back.

Paracamp has relieved many sufferers, and will cure without harming. It does not act as many other remedies do, deaden the nerves; but stimulates them so they may perform their natural functions.

Paracamp is sold and recommended by J. Jas. Wood & Son, Druggists.

NIGHT-RIDING is on the bump and the riders are on the run.

SECRETARY METCALF, in accordance with the Salzer resolution, has furnished the House of Representatives with a statement of the work done in recovering the bodies of officers and men lost with the battleship Maine and in saving equipment and machinery, together with a report on the present status of the project.

The Project to Raise the Maine.

The total number of bodies recovered was 188, leaving 63 unaccounted for. A balance of \$145,000 remains of the \$200,000 appropriated by Congress for the purpose in February, 1890, and \$3,000 from the additional appropriation of \$10,000 for the removal of the bodies to Arlington Cemetery. Some pieces of armament were saved and the loose wreckage dumped at sea.

What is left is a worthless hulk. But sentiment attaches to it as the tomb of American sailors, and considerations of patriotism urge the raising and removal of the wreck, if only to settle finally the causes of the Maine's destruction. If a convention with Cuba is necessary it can readily be arranged.

Mr. Facetious, having his portrait painted—I suppose you want me to look pleasant?
Artist—Yes, and pay in advance.
Mr. Facetious—What's that for?
Artist—Oh, so that I can look pleasant, too.

YOUNG MOTHERS

A mother who is in good physical condition transmits to her child the blessing of a good constitution; sickly, ailing mothers, the reverse. The tiny babe brings to her a living responsibility. At such a time too great care cannot be taken to build up the mother's general constitution, and restore her feminine system to a healthy, normal condition. The greatest assistance that any woman can have in accomplishing this all-important work is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Pinkham's Vegetable Compound, and I was not only restored to health but am the proud mother of a fine baby girl. I wish every sick and ailing woman would give Lydia E. Pinkham's Vegetable Compound a trial."

Mrs. Paul Oliver, of St. Martinville, La., writes to Mrs. Pinkham: "For years I suffered from the worst form of female troubles, and the doctor said I could not get well without an operation. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I have the sweetest little baby girl. I will never cease to praise Lydia E. Pinkham's medicine."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with the worst forms. Why don't you try it?
